

State College Radio Control Club Tuesday, September 3rd 2013 Meeting Minutes

Ron Lueth called the meeting to order at 7:00. Pablo Rivera, Mel Rivera and Woody Bream were in attendance as new members. Jim Stidworthy recently moved here from New Jersey and attended as a guest.

- The minutes from the August 6th meeting were approved.
- Treasurer's Report. Jon Guizar reported an income of \$150 from membership dues since last month. \$150 was reimbursed to Jon for items that he recently purchased for the club. \$500 was paid for field maintenance and our usual port-a-potty rental was also paid. Jon advised the balance of SCRC's account. Al Jones made the motion and membership voted to approve the Treasurer's report.

- Unfinished business –

Aviation Awareness Day at University Park Airport. Ron reported that He, Jon Guizar and Jim and Jack Ericson represented SCRC at this event. With competition from other area events that same day, it was not well attended by the general public. The Boy Scouts had a booth there and most of our visitors were scouts.

Meeting with Jack Garbrick. The planned meeting with Jack regarding the proposed new signage for "Club Members Only" and guidelines for operating of RC surface vehicles has not happened yet. Ron Lueth and Jon Guizar have not caught up with Jack since last meeting.

New Member Orientation & Documentation. Todd Cook has been working on this. Homer Rhodes did some research and will structure the training as a series of lessons. Jon suggested the he check out some documents on the AMA website.

Indoor Flying at the CCC Gym. Jon tried to schedule two Saturdays per month in the 6 pm to 8 pm time frame. He was advised that the 7 pm to 9 pm slot would be better for CCC. He has commitments for the Saturdays from 7 to 9 but no dates yet. We will begin the indoor flying season the first week of November.

2014 Winter Banquet. Members agreed to February 8th as the date with February 15th as back-up. We agreed to keep the menu the same as last year (chicken and beef entrees). Al Jones will try to set this up with CCC. Ron requested volunteers to help plan this event so if you can possibly help, please contact an officer.

- New business –

Next SCRC Meeting. Al Jones reported that we have access to a CPI classroom for our montly meetings. Thanks to Al for arranging this. Beginning with next month's meeting (Tuesday October 1st at 7 pm) our meetings will be held at CPI in Pleasant Gap.

IMAC and SCRC. We are in negotiations with IMAC to host an event here in central PA next year. They will provide a contest director but want to work with an event planner from our club. IMAC is willing to host a primer at the SCRC field to show our members and other area RC flyers how to fly the IMAC maneuvers.

Games of Chance Expiration. Members voted to pay the \$10.00 to renew our small games of chance permit with Centre County.

Radio / PA for Full Scale Air Traffic at CAP. In the July meeting, we reported that the office radio was acting up. It's been working so we're not sure if there's a problem or not. Ron believes that we can better judge this if one of the speakers was closer to the pit area. Ron will get together with Woody Struble and they will relocate one of the speakers sometime soon.

- Open Floor Discussion – None

- Coming Events –

2nd Annual Greater Pittsburgh ARCS "Fly What Ya Brung" Fly-In. September 14th.

Buzzard Field Fun Fly. September 20th, 21st and 22nd.

SpookFest 2013. Eagle Squadron RC Club. Galion Ohio. October 18th, 19th and 20th.

Continued - State College Radio Control Club Tuesday, September 3rd 2013 Meeting Minutes
