

State College Radio Control Club Thursday April 6, 2017 Meeting Minutes

Jon Guizar called the meeting to order at 7:01 pm at the Central Pennsylvania Institute of Science and Technology (CPI).

Old business –

Indoor Flying

Recent club minutes showed 4/2 as the last indoor flying session, although notes from December showed 4/9 as the last session. Jon will check to see if we are on the school's schedule for 4/9 and send out an e-mail. Opinions on using the Bellefonte school gymnasiums in the future were generally positive.

Spike's Fest

Roughly 100 visitors came by the SCRC tables. The simulators were popular as usual. Several visitors expressed interest in joining the club.

New business –

Spring Cleanup

A cleanup session will be scheduled based on weather around the first week in May. We will offer the labor to replace the office door if Jack (airfield owner) will cover materials.

Fun Fly

This event will be scheduled around Memorial Day.

Airshow

This event will be scheduled for mid to late July.

IMAC Competition

9/2 – 9/3.

IMAC Judging School

This event has been canceled due to scheduling difficulties.

Beginner Fun Fly

We will attempt to schedule an event for beginning fliers similar to last year.

Open Floor Discussion –

None

Review of Club and AMA Safety Rules

Todd Cook reviewed the safety rules for the SCRC field and provided handouts. Many items were discussed and the subject of avoiding full scale aircraft was discussed in depth.

Meeting Adjournment – The motion to adjourn passed at 8:03

Respectfully Submitted,

Chris Ivory, Secretary
