

State College Radio Control Club Thursday June 1, 2017 Meeting Minutes

Prior to the meeting club members listened to talks given at the EAA meeting which was held at the field on the same evening.

Old business –

Dates for upcoming events:

July 8: Fun Fly

August 13: Airshow

September 2, 3: IMAC

September 23: Beginner's Fun Fly

The treasury report was given and approved by members in attendance.

Reminder that the 2nd and 4th Thursday evenings are beginner's nights at the airfield. Beginners interested in receiving help and those interested in teaching are encouraged to come to the airfield on these evenings.

New business –

Membership Cards: Al Jones has created membership cards for all members with paid dues. Cards were handed out to those in attendance.

The Applied Research Laboratory at Penn State has approached the club regarding model airplanes required to test new radar systems. Club members interested in flying their airplanes to help this research should contact Jon Guizar.

Respectfully Submitted,

Chris Ivory, Secretary
