

State College Radio Control Club Thursday June 7th, 2018 Meeting Minutes

The meeting was called to order at 7:08.

The Treasurer's report was given and accepted by all members in attendance.

Last month's meeting minutes were posted on the web and accepted by all members in attendance.

Old business –

Fun Fly (June 2): This event was well attended (15-20 participants).

Air Show (August 5): This event is being reconfigured as an SCRC Open House. The public will be invited to come and learn about the hobby, but the significant planning and work required to put on a full air show will not be required. Most members in attendance said they would attend the open house event.

IMAC (September 8-9): The idea of having a fun fly instead of an informal IMAC competition was discussed. Members in attendance were in favor of this idea because some of the club members who are interested in IMAC may attend the World Championships during that time. Jon Guizar will be attending the World Championships in Muncie, IN. Members interested in car pooling to that event can contact Jon.

Thursdays: There will be something going on at the field every Thursday:

1st Thursday: Club meeting and flying

2nd Thursday: Social night/beginners night/skill night

3rd Thursday: Board meeting and flying

4th Thursday: Social night/beginners night/skill night

New business –

No new business.

The meeting was adjourned at 7:24.

Respectfully Submitted,

Chris Ivory, Secretary
